Real Check™

Tailored audits, analysis, and synthesis, at your fingertips.

Do you have manager audits to complete? Maybe you want to do a merchandising audit, or a competitive pricing audit? Well fasten your seatbelt, because all of that can be completed with Real Check.

In addition to our staple program features, Real Check provides for:
- Facility Inspections
- Service Inspections
- Quality Standard Inspections • Merchandising
- Inventory
- Competitive Price Checks
- 180,000+ auditors
- No hardware required

Our customized audits will not only allow you to capture and collect your data more easily, this product will provide reporting that is actionable. Additionally, Audit Automation now makes it simple for multi levels of managers to touch and approve audits without manual processes. Whether it's a weekly pricing audit of 500-2,000 items, or a manager audit of a location, Real Check has you covered. Our highly-trained auditors or your employees use the latest in both audio and picture capture technology to perform Real Check audits.
